

SEVEN CAPACITIES

leadership & talent

Sourcing, deploying, developing and retaining high-quality talent and leadership within each community

data & information

Collecting relevant data, translating that data into actionable information and integrating it into an organized infrastructure to aid decision making

practice improvement & acceleration

Applying data and information to continuously improve, implement and spread practices that accelerate outcomes

communications & engagement

Communicating consistent and compelling messages, authentically engaging stakeholders for input and strong, aligned partner relationships

policy, advocacy & mobilization

Identifying key policy issues, aligning on priorities, developing coalitions and mobilizing stakeholders for advocacy

sustainable resources

Securing strategic, long-term resourcing that spreads effective practices, propels high-potential initiatives and sustains community infrastructure

equity

Developing and implementing equity-led strategy, including staff composition, knowledge and capabilities, prioritization of strategies and execution of shared action plan
